**Alpha Chemika**

(ISO 9001 Quality System Certified Organization)

## **PREFACE**

Dear Valued Reader,

Welcome to **ALPHA CHEMIKA**.

We have introduced this e-Catalogue to provide the various requirement of the user under one single roof.

ALPHA CHEMIKA is an ISO 9001: 2015; WHO : GMP; OHSAS 18001:2007; ISO 14001:2015; CE certified company.

We are globally renowned in the field of laboratory chemicals and equipments.

### **Mission Statement:**

It is always our priority to provide high quality products along with superior service to our clients. It is our determined efforts which have helped us to establish our brand "ALPHA" around the world.

ALPHA CHEMIKA is the only company in Asia who is capable to dispatch the multi hazardous shipment is one single lot. We are capable to dispatch material within 1 week for any size order and quantity.

### **Representation:**

ALPHA CHEMIKA represents many global companies for their entire range of solvents & we stock and sell the same exclusively for India. We would also like to deal with catalogue companies handling organic products.

We are seeking to receive your valued enquiries and order which will receive our prompt attention.

Yours Sincerely,

Team of ALPHA CHEMIKA

Savgan Heights, 102, B wing, RTO Lane, Andheri (W), Mumbai-400 053, INDIA.

## CERTIFICATES

**QRO**  
QUALITY RESEARCH ORGANIZATION

### Certificate of Registration

This is to certify that

**ALPHA CHEMIKA**  
Savgan Heights, 102, B Wing, RTO Lane, Andheri (W),  
Mumbai - 400 053, Maharashtra, India

has been independently assessed by QRO  
and is compliant with the requirements of:

**ISO 9001:2015**  
**Quality Management System**  
For the following scope of activities:

*Manufacturing, Analyzing, Marketing, Distribution, Exporting, Technical Support and Supply of Laboratory Reagents, Fine Research Chemicals (LR, AR, HPLC, Spectro Grade), Solvents, Precious Metallic Salts, Dehydrated Culture Media, Culture Media Bases, Filter Paper, Membrane Filters and Disinfectant, Laboratory Glassware, Apparatus And Testing Equipments, Devices, Appliances, Industrial and Medical Instruments*

Date of Certification: 23<sup>rd</sup> November 2017      2<sup>nd</sup> Surveillance Audit Due: 22<sup>nd</sup> November 2019  
1<sup>st</sup> Surveillance Audit Due: 22<sup>nd</sup> November 2018      Certificate Expiry: 22<sup>nd</sup> November 2020

Certificate Number: 1231117011K

     
Head of Certification

Validity of this certificate is subject to annual surveillance audits to be done successfully on or before 365 days from date of the audit. (In case of surveillance audit is not allowed to be conducted; this certificate shall be suspended/ withdrawn).  
The Validity of this certificate can be verified at [www.qrocert.com](http://www.qrocert.com)  
This certificate of registration remains the property of QRO Certification LLP and shall be returned immediately upon request.  
QRO Certification LLP is accredited by UK Accrediting Forum Limited, UK ([www.ukaf.org.uk](http://www.ukaf.org.uk))  
5 Jupiter House, Calveys Park, Aldermaston, Reading Berkshire RG782NN UK

India Office: QRO Certification LLP

**Certificate of Compliance**

**WHO GMP COMPLIANCE**

**US Certification Services**  
Adding Wings to your Business

This is to certify that WHO GMP requirements of

**ALPHA CHEMIKA**  
SAVGAN HEIGHTS, 102, B WING, RTO LANE, ANDHERI (W),  
MUMBAI - 400 053, MAHARASHTRA, INDIA

have been assessed by US Certification Services and found to be in compliance with the requirement of WHO GMP Guidelines for

*Manufacturing, Analyzing, Marketing, Distribution, Exporting, Technical Support Exporting, Technical Support and Supply of Laboratory Reagents, Fine Research Chemicals (LR, AR, HPLC, Spectro Grade), Solvents, Precious Metallic Salts, Dehydrated Culture Media, Culture Media Bases, Filter Paper, Membrane Filters and Disinfectant, Laboratory Glassware, Apparatus And ware, Apparatus And Testing Equipments, Testing Equipments, Devices, Appliances, Industrial and Medical Instruments*

this Verification is subjected to the company maintaining its system to the required standard, which will be monitored by US Certification Services

Certificate No. : USC/GMP/122  
Issued On : August 20, 2018  
Valid Up To : August 19, 2021

  
Authorized Signatory  
US Certification Services

The Certificate remains the property of US Certification Services to whom it must be returned on request. Deliberate misuse of Certificate will result in cancellation without notification. To check current validity of Certificate, log on to URL: [www.uscertification.co.in](http://www.uscertification.co.in) or write mail to E-mail: [info@uscertification.co.in](mailto:info@uscertification.co.in)

### QUALITY DESIGNATION

#### **ANALYTICAL REAGENT (AR)**

These reagents are of high purity and are useful for analytical and research purpose. The guarantee certificate gives the minimum assay and maximum limits of trace impurities. This is also marketed by other International companies as Analar, P.A.- (Proanalysis), AR-Analytical Reagent Puriss

#### **SYNTHESIS**

General purpose reagent used in many potential applications in chemical laboratories. Careful control ensures that a consistently high defined quality is maintained throughout.

#### **LABORATORY REAGENTS (LR)**

These are used in many chemical laboratories and are sub categorized as pure, extra pure, purified organic and inorganic, commercial products.

#### **EXTRA PURE, PURIFIED, PURE**

Products suitable for qualitative and semi-quantitative work. Most of our "extra pure: products comply with "Pharma Copoeia" grades of all countries and preferentially used in the Pharmaceutical industries.

#### **MICROSCOPY (M.S.):**

Highly purified reagent for use in biochemical research and analysis. They are free from inhibitors such as traces of heavy metals and tested with a view for biochemical work.

#### **HPLC GRADE**

Continuing advances in the use of HPLC have lead to an increased demand for solvents and reagents in wider range of application areas, particularly for bimolecular and ion separation. Key parameters such as UV absorbance, transmittance, non-volatile matter, moisture content, fluorescence impurities and assay are very carefully controlled.

#### **SPECTROSCOPY GRADE**

These are solvents of high optical purity for UV/Visible/IR/fluorescence/NMR and Mass spectroscopy. The guarantee certificate includes assay, minimum transmission at certain defined wavelengths in UV range, moisture content, non-volatile matter etc.

#### **ION PAIR CHROMATOGRAPHY**

Highly pure additives for ion pair chromatography are suitable for detection in the low UV range. Reagents of this special quality inspected by means of a filter test, a cyclovoltagram and gradient test at 205 nm

### QUALITY DESIGNATION

#### **DIAGNOSTIC REAGENT**

Various hospitals, clinical and pathological laboratories use specially produced these reagents for diagnostic purpose.

#### **BIOLOGICAL STAINS**

These chemicals are ready to use solutions for microbiology, histology, hematology and cytology, stringent testing on all batches is performed to ensure all specifications are satisfied.

#### **MICROBIOLOGY**

A broad range of culture media bases, additives, stains and indicators for use in detection, growth and identification of microorganisms.

#### **PESTICIDE RESIDUE TRACE ANALYSIS SOLVENTS:**

The range of high purity solvents are specifically designed for the analysis of pesticide residues in the food industry and in the environmental control, for example in drinking water. These solvents are carefully controlled by gas chromatography. The analysis is made over a sample 500 fold concentrated. Then the sample is injected in the gas chromatography using the ECD detector.

#### **BIOCHEMICALS**

These highly purified reagents are used in biochemical research and analysis. They are free from inhibitors such as trace of heavy metals and tested with a view of biochemical works. Our range includes alkaloids, amino acids, buffers, carbohydrate, enzymes, enzyme substrates, nucleotides and derivatives etc.

#### **SINGLE ELEMENT STANDARD SOLUTIONS FOR AAS, ICP;**

We have introduced ready for use Single Element Standard Solutions for trace metal analysis in AAS & ICP and AAS standard solutions supply by us have following features:

Each element solutions are traceable to NIST

Manufactured from the high purity D.I. Water, metal free acids and high purity metal and metal salt. Manufactured in intensively controlled clean-room, for prevention of cross-contaminations.

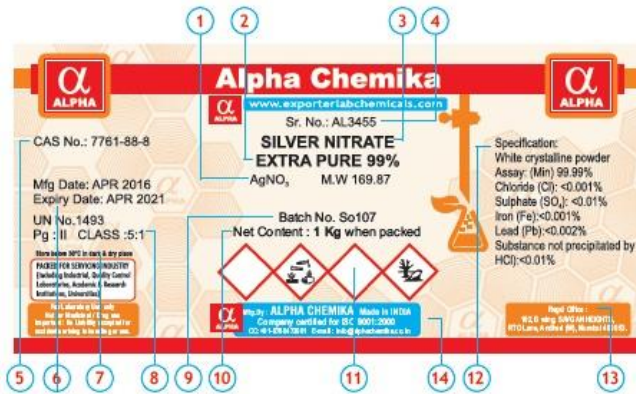

High quality, economic prices beyond the other manufacturers.

## LABEL SPECIFICATION

- 1 : Molecular Weight and Formula
- 2 : Product Purity
- 3 : Product Name
- 4 : Catalogue No.
- 5 : CAS Number
- 6 : Mfg. & Exp. Date
- 7 : Storage
- 8 : Transport Regulations and Risk Phrases
- 9 : Batch No.
- 10 : Net Content
- 11 : Hazardous Symbol
- 12 : Specifications
- 13 : Company Contact Address
- 14 : Company Contact Information

## HAZARDOUS SYMBOL

Compared to the current EU system the most noticeable change are the pictograms (formerly: hazard symbols).

While the most of the GHS pictograms have an equivalent in the old system, the pictograms GHS 04, GHS 07 and GHS 08 are quite new. The GHS System is built on 16 physical, 10 health and 3 environmental hazard classes and comprises the following communication elements:

 <p><b>EXPLODING BOMB</b> Unstable explosives explosive of division 1.1, 1.2, 1.3, 1.4, Self-reactive substances and mixtures, Types A, B organic peroxide, types A,B</p>	 <p><b>Flame</b> flammable gases, category 1 flammable aerosols, categories 1, 2 flammable liquids, categories 1, 2, 3 flammable solids, categories 1, 2 Self-reactive substances and mixtures, Types B,C,D,EF Pyrophoric liquids, category 1 Pyrophoric solids, category 1 Self-heating substances and mixtures, categories 1, 2 Substances and mixtures, with in contact with water, emit flammable gases, categories 1, 2, 3 organic peroxides, type B, C, D, E, F</p>	 <p><b>FLAME OVER CIRCLE</b> Oxidizing, category 1 Oxidizing liquids, categories 1, 2, 3</p>
 <p><b>GAS CYLINDER</b> Gases under pressure -compressed gases -liquefied gases -refrigerated liquified gases -dissolved gases</p>	 <p><b>CORROSION</b> Corrosive to metals, category 1 Skin corrosion categories 1A, 1B, 1C Serious eye damage, category 1</p>	 <p><b>SKULL AND CROSSBONES</b> Acute toxicity (oral, dermal, inhalation) Categories 1, 2, 3</p>
 <p><b>EXCLAMATION MARK</b> Acute toxicity (oral, dermal, inhalation) category 4 Skin irritation, category 2 Eye irritation, category 2 Skin sensitization category 1 Specific target organ toxicity-single exposure, category 3</p>	 <p><b>HEALTH HEZARD</b> Respiratory sensitization, category 1 Germ cell mutagenicity, categories 1A, 1B, 2 Carcinogenicity, categories 1A, 1B, 2 Reproductive toxicity, categories 1A, 1B, 2 Specific target organ toxicity- single exposure, categories 1, 2 Specific target organ toxicity- repeated exposure categories 1, 2 Aspiration hazard, category 1</p>	 <p><b>ENVIRONMENT</b> Hazardous to the aquatic environment -Acute hazard, category Chronic hazard, categories 1, 2</p>
